AYER'S CATHARTIC

PILLS. Are you sick, feelds, and complaining? Are you cut of order, with your system deranged, and your feelings un-comfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors - purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions

of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, pro-ducing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerous distempers. The same purgative effect expels them. Caused by similar obstruc-tions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the victues of these Pills, will neglect to employ them when suffering from the disorders they cure. Statements from leading physicians in some of the

principal cities, and from other well known public per-From a Forwarding Merchant of St. Louis, Peb. 4, 1856. DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE. As a Family Physic. From D. . E. W. Cartweight, New Orleans.

DEAR BEO. AVER: I cannot answer you what complaints I have cure i with y our Pills better than to say all that use ever treat with a purgative medicine. I place great depen-dence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. the Liver very marked indeed. They have in my practice proved more effectual for the cure of behour complaceds than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856. Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot besitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, conse quently they are an admirable remedy for deraugements of that organ.
